Notable Volunteer Work:

2019: I work with my mother as a home aid whenever the opportunity arises. It is quite the responsibility but I handle it well.

Pre Vet Club 2018 volunteer work: Working at the Broward County Animal Shelter and Zoo Miami.

Hobbies and Talents

I enjoy practicing coding and I hope to use my knowledge of Javascript to gain a job in the tech field. I am self taught using apps such as Mimo and coding help forums in order to expand my knowledge in the field.

My other hobby is doing volunteer work, including the kind that involves customer service. I also enjoy getting involved in my community by attending extracurricular events.

I enjoy this because I receive a deep sense of satisfaction from knowing that I have helped someone find what they need or otherwise make their life a little easier.

I have 1 year of studying biology and performing lab work at Nova Southeastern University.

I am bilingual, speaking both English and Spanish fluently. One of my talents is that I am a quick visual learner and because of this my peers consider me a savvy person.

I also feel a strong push to do a job beyond my abilities when I know that others depend on me. My employers often compliment my work ethic.

Because of this I believe that I am a good candidate for employment.
